Can I submit an already published paper?

Has your paper been accepted for publishing?

Did you sign a contract?

Do you have the contract in front of you to read it again?

Does the contract contain a clause allowing to deposit in Open Access?

Is the journal referenced on Sherpa/Romeo* or Héloïse**?

Is archival allowed?

Good news! You are allowed to submit your paper to HAL POLYTECHNIQUE.

Unfortunately, you are not allowed to submit your full-text paper to HAL POLYTECHNIQUE.

However, if it has been published for 6 months (science, technique and medical sciences) or 12 months (humanities and social sciences), you can submit the postprint version.*
